Not Just Research: Finding Alternative Careers in Pharma

Melissa Calmann, Ph.D.

Manager, Regulatory Affairs
Janssen Biologics

Melissa Calmann is Manager of Chemistry Manufacturing and Controls Regulatory Affairs for Janssen Biologics, a division of Johnson & Johnson. Her daily responsibilities include interacting with health authorities world wide in support of regulatory submissions for biologic pharmaceuticals. Melissa graduated from the Graduate School of Biomedical Sciences at UMMS in 2004.

Please join Dr. Calmann for a discussion on the development of her career in pharmaceuticals and to learn about alternative careers in the pharmaceutical sector.

Monday, March 26, 2012
