Present a Professional Development Seminar

The Science and Strategy of Communication

Peter Fiske, PhD

*Scientist, Author,
Lecturer & CEO*

Peter Fiske, PhD, is a nationally-recognized author and lecturer on the subject of career development and leadership for scientists. He is the author of “Put Your Science to Work” and has regularly contributed articles on career development to *Nature* and *Science*.

PhDs seeking employment in industry often come across as arrogant, aloof, insecure or uncertain. Come learn how to communicate your science and advance your career.
