BYLAWS OF THE T.H. CHAN SCHOOL OF MEDICINE AT UMASS CHAN MEDICAL SCHOOL

ARTICLE I: INTRODUCTION

The T.H. Chan School of Medicine at the UMass Chan Medical School has the responsibility for awarding the Doctor of Medicine degree to its graduates.

Governance of the T.H. Chan School of Medicine is administered by the Governance Document of the University of Massachusetts Worcester (BOT Doc. T03-035, as amended), and also, in part, by the Board of Trustees Statement of University Governance – UMass Amherst, UMass Boston, UMass Worcester (BOT Doc. T73-098, as amended). Accordingly, the purpose of these bylaws is to set forth the operating procedures and administration particular to the T.H. Chan School of Medicine not otherwise contained in these two governance documents. For the purposes of this document, all general terms (i.e., Dean, Chair, Faculty, Governing Bodies, etc.) shall refer specifically to the T.H. Chan School of Medicine, unless otherwise specified. These bylaws set forth the T.H. Chan School of Medicine’s representative bodies – the T.H. Chan School of Medicine Faculty Assembly and Educational Policy Committee – which inform the concept of shared governance throughout the UMass Chan Medical School campus.

ARTICLE II: DEPARTMENTS

The T.H. Chan School of Medicine is made up of Departments and its membership is derived from the Faculty within these Departments. Faculty membership can only be conferred on the recommendation of the Department Chairs using processes described in the Academic Personnel Policy of the University of Massachusetts Medical School (T95-022, as amended) (APP).

The T.H. Chan School of Medicine’s Departments are organized according to academic disciplines and are categorized into the basic sciences and clinical sciences.

A. Basic Science Departments

As of the date of these most recently amended By-Laws, the basic science departments within the T.H. Chan School of Medicine are as follows:.

- Biochemistry and Molecular Biotechnology
- Genomics & Computational Biology
- Microbiology and Physiological Systems
- Molecular, Cell, and Cancer Biology
- Molecular Medicine
- Neurobiology
- Population & Quantitative Health Sciences
- RNA Therapeutics Institute
- Systems Biology

Other such Basic Science departments may be later established pursuant to and consistent with BOT Doc. T03-035, as amended.

1. Reviews

Reviews of such Departments shall be conducted in accordance and compliance with the University of Massachusetts Board of Trustees Performance Management System (Doc. T97-111, as amended – and the attached Guidelines on Academic Quality Assessment and Development).

2. Chairs

a. Appointment

The Dean will appoint the Chair upon delegation and approval by the Chancellor. The Dean shall seek nominations from a broadly representative search committee. The Dean shall consult with the appropriate Representative Body, administrative personnel, and members of the department before determining the composition of the search committee. The Dean will appoint faculty and student representatives to the search committee and charge the committee.

In the event of a vacancy and notwithstanding any provision to the contrary the Dean, after consultation with members of the department and appropriate Governing Bodies' leadership, shall appoint an individual as *interim* Chair until such time as the vacancy is filled. Further, the Dean may appoint an individual as *acting* Chair in the event of a leave of absence or sabbatical of a Chair.

b. Review and Evaluation

The Dean will undertake an annual performance review of the Chair of each department and provide a written assessment of this performance to the Chair.

c. Discipline

The Dean may discipline, place on probation or summary suspension and/or remove a Chair from their position at any time, if in their view such action is in the best interest of UMass Chan Medical School. Such action applies only to the administrative position of Chair.

B. Clinical Science Departments

As of the date of these most recently amended By-Laws, the UMass Chan -UMass Memorial Health Center (UMMH) clinical science departments in the T.H. Chan School of Medicine are as follows:

UMass Chan-UMass Memorial Health Clinical Science Departments

- Anesthesiology and Perioperative Medicine
- Dermatology
- Emergency Medicine
- Family Medicine and Community Health
- Medicine
- Neurology
- Neurological Surgery
- Obstetrics and Gynecology
- Ophthalmology & Visual Sciences
- Orthopedics and Physical Rehabilitation

- Otolaryngology
- Pathology
- Pediatrics
- Psychiatry
- Radiation Oncology
- Radiology
- Surgery
- Urology

Other such Clinical Science departments may be later established pursuant to and consistent with BOT Doc. T03-035, as amended.

1. Reviews

Reviews of such Departments shall be conducted in accordance and compliance with both University of Massachusetts Board of Trustees Performance Management System (Doc. T97-111, as amended – and the attached Guidelines on Academic Quality Assessment and Development); and the respective contractual agreements by and between UMass Chan and UMMH (Section 4.3.2 of the 1998 Amended and Restated Definitive Agreement, and as further amended and approved by these Parties in the Memorandum of Resolution and Reconciliation on February 20, 2001).

2. Chairs

Appointment, Review and Evaluation, and Discipline and Termination of clinical science Chairs shall be governed by and consistent with the respective contractual agreements with UMMH (the 1998 Amended and Restated Definitive Agreement, as that document was further amended and approved by and between UMass Chan and UMMH on February 20, 2001 through a Memorandum of Reconciliation and Resolution [and as may be later amended by and between UMass Chan and UMass Memorial Health]).

C. Regional Campuses

There are departments in each Regional Campus in the T. H. Chan School of Medicine. They are identified by each Regional Campus as follows:

UMass Chan-Baystate Regional Campus

- Anesthesiology at UMass Chan-Baystate
- Emergency Medicine at UMass Chan-Baystate
- Family Medicine at UMass Chan-Baystate
- Health Care Delivery and Population Health Sciences at UMass Chan-Baystate
- Medicine at UMass Chan-Baystate
- Neurology at UMass Chan-Baystate
- Obstetrics and Gynecology at UMass Chan-Baystate
- Pathology at UMass Chan-Baystate
- Pediatrics at UMass Chan-Baystate
- Psychiatry at UMass Chan-Baystate
- Radiology at UMass Chan-Baystate
- Surgery at UMass Chan-Baystate

UMass Chan-Lahey Regional Campus

- Anesthesiology at UMass Chan-Lahey
- Emergency Medicine at UMass Chan-Lahey
- Medicine at UMass Chan-Lahey
- Neurology at UMass Chan-Lahey
- Pathology at UMass Chan-Lahey
- Psychiatry at UMass Chan-Lahey
- Radiology at UMass Chan-Lahey
- Surgery at UMass Chan-Lahey

Other such Regional Campus departments may be later established pursuant to and consistent with BOT Doc. T03-035, as amended.

1. Reviews

Reviews of such Departments shall be conducted in accordance and compliance with both University of Massachusetts Board of Trustees Performance Management System (Doc. T97-111, as amended – and the attached Guidelines on Academic Quality Assessment and Development); and the respective contractual agreements by and between UMass Chan and UMMH (Section 4.3.2 of the 1998 Amended and Restated Definitive Agreement, and as further amended and approved by these Parties through the Memorandum of Reconciliation and Resolution on February 20, 2001) and consistent with and pursuant to the applicable Regional Campus Affiliation Agreement.

2. Chairs

Appointment, Review and Evaluation, and Discipline and Termination of clinical science Chairs shall be governed by and consistent with the respective contractual agreements by and between UMass Chan and UMMH (the 1998 Amended and Restated Definitive Agreement, and as that document was further amended and approved by and between UMass Chan and UMMH through the Memorandum of Resolution and Reconciliation on February 20, 2001 [and as may be later amended]) and consistent with and pursuant to the applicable Regional Campus Affiliation Agreement.

ARTICLE III: PROGRAMS

The T.H. Chan School of Medicine's Programs are organized according to academic research disciplines. The current Programs (and such other Programs as may later be established), are described as follows:

- Advanced Ocular Therapeutics Program
- Horae Gene Therapy Center
- Program in Microbiome Dynamics

Establishment of new Programs or consolidation or realignment of existing Programs shall be the responsibility of the Dean after consultation with the T.H. Chan School of Medicine's Faculty Assembly, the UMass Chan Medical School Faculty Council and the UMass Chan Medical School Executive Council, and subject to approval by the Provost and the Chancellor.

A. Program Reviews

Reviews of such Programs shall be conducted in accordance and compliance with the University of Massachusetts Board of Trustees Performance Management System (Doc. T97-111, as amended – and Guidelines on Academic Quality Assessment and Development).

B. Program Directors

1. Appointment

The Dean shall appoint the Director. The Dean shall seek nominations from a broadly representative search committee. The Dean shall consult with the appropriate Representative Body, administrative personnel, and members of the Program before determining the composition of the search committee. The Dean will appoint faculty and student representatives to the search committee and charge the committee.

In the event of a vacancy and notwithstanding any provision to the contrary, the Dean, after consultation with members of the Program and appropriate Governing Bodies' leadership, shall appoint an individual as *interim* Director until such time as the vacancy is filled. Further, the Dean may appoint an individual as *acting* Director in the event of a leave of absence or sabbatical.

2. Review and Evaluation

The Dean will undertake an annual performance review of the Director of each Program and provide a written assessment of this performance to the Director.

3. Discipline

The Dean may discipline, place on probation or summary suspension and/or remove a Director from their position at any time, if in their view such action is in the best interest of UMass Chan Medical School. Such action applies only to the administrative position of Director.

ARTICLE IV: REPRESENTATIVE BODIES

The Faculty through its representative bodies – the T.H. Chan School of Medicine's Faculty Assembly and Educational Policy Committee (EPC) – participate in the policy and decision-making processes that affect the T.H. Chan School of Medicine

A. T.H. Chan School of Medicine Faculty Assembly

1. Duties

- a. Provide recommendations to the Dean on matters of importance regarding the administration of the T.H. Chan School of Medicine and all matters affecting the Faculty and Faculty life.
- b. Consult with and provide advice to UMass Chan Medical School Governing Bodies on matters related to the T.H. Chan School of Medicine.

- c. Consult with and provide advice to the EPC on matters related to the curriculum.
- d. Receive reports from and provide input to all T.H. Chan School of Medicine standing committees.
- e. Recommend representatives to serve on campus-wide standing committees and other committees as requested and appropriate.
- f. Whenever possible, the T.H. Chan School of Medicine Faculty Assembly shall be advised of substantive changes in administrative policies and procedures affecting Faculty prior to the implementation of these policies and procedures.
- g. Recommendations of the T.H. Chan School of Medicine Faculty Assembly will be forwarded for consideration to the Dean, who must respond within 20 working days with approval, request for reconsideration or disapproval, consistent with the “Board of Trustees Statement on University Governance” (Doc. T73-098, as amended).

2. Membership

Those voting and nonvoting members of the UMass Chan Medical School Faculty Council who represent T.H. Chan School of Medicine constituencies shall serve as voting and nonvoting members of the T.H. Chan School of Medicine Faculty Assembly.

Additionally, up to three faculty members from each Regional Campus shall be elected by the Regional Campus faculty to serve as voting members of the T.H. Chan School of Medicine Faculty Assembly. Terms are for three years, staggered so that one should be elected each academic year.

3. Officers

UMass Chan Medical School Faculty Council officers shall serve as T.H. Chan School of Medicine Faculty Assembly officers (providing they are T.H. Chan School of Medicine Faculty) and lead all discussions/votes, with the following exceptions:

- a. If the campus Faculty Council Chair is not a T.H. Chan School of Medicine faculty member, the Vice-Chair (and if necessary, the Secretary, and then a T.H. Chan School of Medicine Faculty member from the Faculty Council Rules Committee) shall preside over the discussion/votes (as long as they are T.H. Chan School of Medicine Faculty).

4. Rules Committee

The Rules Committee of the T.H. Chan School of Medicine Faculty Assembly shall be comprised of the Chair, the Vice Chair, the Secretary(s), and one additional voting member of the T.H. Chan School of Medicine Faculty Assembly appointed by the T.H. Chan School of Medicine Faculty Assembly. Its duties include:

- a. Preparation of the agenda of the T.H. Chan School of Medicine Faculty Assembly. The Rules Committee shall review all requested agenda items submitted by the President, the Chancellor, the Provost, the Dean, the President of the Student Body Committee,

and/or the Chair of any T.H. Chan School of Medicine Standing Committee. Requests for agenda items may also be submitted by any T.H. Chan School of Medicine faculty member or student and shall be reviewed by the Rules Committee for placement on the agenda. If the proposed agenda item is within the T.H. Chan School of Medicine Faculty Assembly's stated duties, it shall be placed on the agenda of the meeting date requested or, if that request cannot be accommodated, on the agenda of the earliest next meeting date.

- b. Resolution of procedural matters.
- c. Oversight of the election of representatives to the T.H. Chan School of Medicine Faculty Assembly.
- d. Preparation of a list of representatives or administrative officials to be considered for non-voting membership on an annual basis.
- e. Other duties as assigned by the T.H. Chan School of Medicine Faculty Assembly or the Chair.

5. Meetings

- a. T.H. Chan School of Medicine Faculty Assembly meetings may occur during a UMass Chan Medical School Faculty Council meeting, or on some other regularly scheduled basis during the academic year.
- b. An emergency meeting may be called by the Dean or by unanimous vote of the Rules Committee. The written notification of such a special meeting to all T.H. Chan School of Medicine Faculty Assembly members shall be within three (3) working days.
- c. One-half of the voting members shall constitute a quorum. Members may attend and vote (participate) by teleconference, video conference, or any other technology that allows full participation. Proxies are not permitted.
- d. Recommendations of the T.H. Chan School of Medicine Faculty Assembly shall require a simple majority vote of those participating provided that:
 - i.* A quorum is present.
 - ii.* The agenda and notice of the meeting were distributed to the members at least three days in advance of the meeting and only topics listed on the agenda are acted upon.

6. Bylaws

The T.H. Chan School of Medicine Faculty Assembly shall regularly review its bylaws at a minimum of every 5 years.

B. Educational Policy Committee

The Educational Policy Committee (EPC) shall have the authority to recommend to the Dean educational policy for the T.H. Chan School of Medicine. Before recommending changes in educational policy, the EPC shall consult with the T.H. Chan School of Medicine Faculty

Assembly and the UMass Chan Medical School Executive Council. The EPC may consult with the faculty at Faculty meetings, as appropriate. Recommendations of the EPC will be forwarded for consideration to the Dean, who must respond within 20 working days with approval, request for reconsideration or disapproval, consistent with the “Board of Trustees Statement on University Governance” (Doc. T73-098, as amended).

1. Duties

The EPC shall have the responsibility for planning, coordinating, directing, monitoring, evaluating, and continuously revising a comprehensive program of general medical education for the undergraduate medical training of physicians. These responsibilities shall include the development of educational objectives and policies pertaining to the program leading to the MD degree, the approval of new courses or programmatic requirements, and standards for grading, student advancement, and promotion. As well, the EPC is responsible for the ongoing monitoring and review of the educational program’s content; methods of instruction and assessment; learner outcomes, quality, and overall effectiveness. The EPC shall also have the responsibility for stimulating and supporting scholarship and innovation in medical education. The members will be responsible for organizing specialized subcommittees as needed and as defined in the EPC’s bylaws.

2. Membership

- a. Voting members of the EPC shall consist of the following:
 - i. One member from each UMass Chan Medical School basic science and UMass Chan – UMass Memorial Health clinical science department, each as selected by the Department Chair, in consultation with the departmental faculty. A department may choose to defer representation on the EPC, with approval by the Dean.
 - ii. Up to three faculty representatives from each of the T. H. Chan School of Medicine Regional Campuses, selected by the Dean after consultation with the Regional Campus Executive Dean.
 - iii. Up to three faculty representatives from major affiliated teaching hospitals selected by the Dean, in consultation with the Senior Associate Dean for Educational Affairs and Associate Dean of the respective affiliated teaching hospital.
 - iv. Voting student membership shall consist of four students from the T.H. Chan School of Medicine (including one specifically from each Regional Campus). One alternate may be designated and shall have voting rights in the absence of a student voting member. Student representatives may be selected from any of the medical school classes and are appointed by the Student Body Committee.
 - v. One alumnus representative selected by the T.H. Chan School of Medicine Alumni Council.
 - vi. Two additional Faculty-at-Large members selected by the Dean. Reappointment of Faculty-at-Large members for successive terms will occur at the discretion of the Dean.

Terms for student voting members shall be for one academic year. Student members may be reappointed for successive consecutive terms at the discretion of the Student Body Committee. Terms for faculty voting members shall be for three academic years. Terms shall be staggered so that approximately one-third of the members are appointed annually. Faculty members shall generally serve for a maximum of two consecutive terms. Faculty members may serve additional consecutive terms upon review and approval by the Senior Associate Dean of the School of Medicine, in consultation with the Dean of the School of Medicine. In the event of an unexpected vacancy, a new student or faculty representative to the EPC shall be selected by the standard processes.

- b. Non-voting membership shall consist of the following: The Dean, Senior Associate Dean for Educational Affairs, Associate Deans, Assistant Deans, and other representatives or administrative officials as may be designated annually by the Dean. Additional non-voting members may be added and shall be appointed annually by majority vote of the EPC and may include members of the subcommittees and Faculty-at-Large.

3. Officers

The Dean shall appoint the following officers from the voting membership:

- a. Chair who shall:
 - i.* Preside at all meetings.
 - ii.* Serve as Chair of the Rules Committee.
 - iii.* Serve as a voting member of the Executive Council.
- b. Vice Chair who shall:
 - i.* Preside at all meetings in the absence of the Chair.
 - ii.* Serve as a member of the Rules Committee.

4. Rules Committee

The Rules Committee shall be comprised of the Chair, Vice Chair, Chair of each subcommittee of the EPC, the Senior Associate Dean for Educational Affairs, Associate Dean for Admissions, Associate Dean for Student Affairs, Associate Dean for Undergraduate Medical Education, Associate Dean for Allied Health and Interprofessional Education and the Associate Dean for Education from each Regional Campus. Its duties shall include:

- a. Preparation of the agenda for EPC meetings. The Rules Committee shall review all requested agenda items submitted by the Dean, Senior Associate Dean for Educational Affairs, the Chair of any of the subcommittees, and any EPC committee member. If the proposed agenda item is within the EPC's stated duties, it shall be placed on the agenda of the meeting date requested or, if that request cannot be accommodated, on the agenda of the earliest next meeting date.

- b. Other duties as assigned by the Dean, Senior Associate Dean for Educational Affairs or the Chair.

5. Meetings

- a. The EPC shall meet on a regularly scheduled basis during the academic year.
- b. One half of the voting members shall constitute a quorum. Members may attend and vote (participate) by teleconference, video conference, or any other technology that allows full participation.
- c. Recommendations of the EPC shall require a simple majority vote of those participating provided that:
 - i. A quorum is present.
 - ii. The agenda and notice of the meeting were distributed to the members at least three business days in advance of the meeting and only topics listed on the agenda are acted upon.
- d. An emergency meeting may be called by the Dean or by simple majority vote of the Rules Committee. In the event of an “emergency”, the written notification of such a special meeting to all members shall be within three (3) working days of the planned meeting.

6. Bylaws

The EPC shall regularly review its bylaws at a minimum of every 5 years.

ARTICLE V: STANDING COMMITTEES

Standing Committees within the T.H. Chan School of Medicine function in an advisory capacity to the Chan School of Medicine Faculty Assembly and Dean.

Standing Committees, unless otherwise stated, shall adhere to Article VI of BOT Doc. T03-035, as amended. Bylaws for the T.H. Chan School of Medicine Standing Committees will be reviewed and approved by the T.H. Chan School of Medicine Faculty Assembly and Dean.

Recommendations shall require a simple majority of those participating provided that a quorum is present. Such “votes” may be established by members participating in person or any other technology that allows full participation by the voting member.

A. Admissions Committee

1. Duties

- a. Review and propose standards and qualifications for admitting students to the first-year class and transfer students with advanced standing.
- b. Participate in the interviews of applicants.
- c. Review the applications, qualifications, and evaluations of applicants for consideration, and selects candidates for admission.

- d. Review and propose procedures appropriate for consideration and selection of applicants, including criteria to regional campus tracks.

2. Advising and Reporting

- a. The Admissions Committee shall advise and consult with the Representative Bodies, with respect to any proposals to be forwarded by the Committee to the Dean and Provost.
- b. The Dean and Senior Associate Dean for Educational Affairs shall consult with the Admissions Committee on matters related to student admissions.
- c. The Admissions Committee shall report to the Dean or their designee.

3. Membership

- a. Voting membership of the Admissions Committee shall consist of the following sixty-one voting members:
 - i. Up to fifty-one (51) Faculty members from both the UMass Chan Medical School basic science and UMass Chan – UMass Memorial Health clinical science departments, each as recommended by the Associate Dean for Admissions and appointed by the Dean. Within this number of fifty-one includes the following: ,
 - a. Up to four (4) members shall be from the MD/PhD program, upon consultation with the MD/PhD Program Director and the Senior Associate Dean for Educational Affairs; and
 - b. Up to four (4) members shall be from each Regional Campus, upon consultation with the campus Regional Executive Dean.
 - ii. Up to twelve (12) students from the T.H. Chan School of Medicine, as recommended by the Student Body Committee and appointed by the Associate Dean for Admissions.
 - iii. Up to one (1) T.H. Chan School of Medicine medical alumnus representative, appointed by the Associate Dean for Medical School Admissions upon recommendation by the T.H. Chan School of Medicine Alumni Council.

Terms for student members shall be for one academic year. Terms for other voting members shall be for three academic years. Faculty may be reappointed to successive terms. The Alumni representative may be reappointed to successive terms on the recommendation of the Alumni Council with the concurrence of the Associate Dean of Admissions.

- b. Non-voting membership shall consist of the following:

- i.* Associate Dean for Admissions, who shall serve as Chair.
- ii.* The Director of Admissions and Vice Provost for Educational Affairs. Additional non-voting members may be added and shall be appointed annually by the Associate Dean of Admissions and approved by the Dean.
- iii.* Alternate members may be designated as defined in the Admission Committee's bylaws. These members may attend and participate without vote.

B. Graduate Medical Education Committee

1. Duties

The Graduate Medical Education Committee (GMEC) shall establish and implement policies and procedures regarding the quality of education and the work environment, including work hours, for residents in all GME programs (ACGME-accredited and Non-standard training program) within the T.H. Chan School of Medicine Sponsoring Institution and the participating sites. The GMEC shall demonstrate effective oversight of ACGME-accreditation status of the Sponsoring Institution and its ACGME-accredited programs; review and approve annual stipends and benefits; and review and approve all changes in programs requiring communication with the ACGME. The duties of the committee include but are not limited to all responsibilities of the GMEC as stated in the ACGME Institutional and Common Program Requirements

2. Advising and Reporting

- a. The GMEC shall advise and consult with the T.H. Chan School of Medicine Faculty Assembly and UMass Chan Medical School Executive Council.
- b. The Dean and Senior Associate Dean for Graduate Medical Education shall consult with the GMEC on matters related to graduate medical education.
- c. The GMEC shall report to the Dean or their designee.

3. Membership

- a. Voting membership of the GMEC shall consist of the following:
 - i.* The Senior Associate Dean for Graduate Medical Education, who shall serve as Chair.
 - ii.* The Chief Medical Officer of UMass Memorial Medical Center (UMMMC), who shall serve as Vice-Chair.
 - iii.* The Chief Quality Officer of UMMMC.
 - iv.* One program director from each ACGME-accredited residency and fellowship program with a second voting representative from the Departments of Surgery and Medicine, after consultation with the Dean.
 - v.* Six resident or fellow representatives elected by their peers.
 - vi.* Two residency or fellowship program coordinators, self- or peer- nominated, and

elected by the Program Coordinator Advisory Council.

- b. Non-voting membership of the committee may consist of members of the Tan Chingfen Graduate School of Nursing, UMMH and any affiliated hospitals, as appointed by the Dean or Senior Associate Dean for Graduate Medical Education.

4. Meetings

The committee shall meet on a regularly scheduled basis at least quarterly during the academic year. Each meeting of the GMEC must include attendance by at least one resident or fellow member. The GMEC must maintain meeting minutes that document execution of all required GMEC functions and responsibilities.

C. Personnel Action Committee

1. Duties

The Personnel Action Committee (PAC) shall consider faculty personnel actions related to appointment, and promotion as such are described in, and governed by the Academic Personnel Policy of the University of Massachusetts Medical School (Doc. T95- 022, as amended).

2. Advising and Reporting

- a. The PAC shall advise and consult with the Vice Provost for Faculty Affairs, Dean, Provost and Chancellor.
- b. The Dean and Vice Provost for Faculty Affairs shall consult with the PAC on matters related to appointment, and promotion.
- c. The PAC shall report to the Dean or their designee.

3. Membership

- a. Voting membership of the PAC shall consist of the following nine (9) voting members:
 - i. Seven (7) faculty at the rank of Associate Professor or Professor as elected by vote of the Faculty-at-Large. A minimum of three members must represent the UMass Chan Medical School basic science departments and a minimum of three members must represent the UMass Chan -UMass Memorial Health clinical science departments.
 - ii. Two (2) faculty members appointed by the Vice Provost for Faculty Affairs after consultation with the Dean.

Deans, Department Chairs, Vice Provosts, Program Directors of a Program, Center or Institute as defined in BOT T03-035 as amended are not eligible to serve.

Terms are for three years with usually no more than three of the members elected each year. The Nominations Committee offers a slate of at least two candidates for each open position.

- b. Non-voting membership shall consist of the following: The Vice Provost for Faculty Affairs and Designees appointed by each Regional Campus.

D. Student Body Committee

1. Duties

The Student Body Committee (SBC) shall conduct itself in accordance with the UMass Chan Medical School Student Body Committee Constitution. The SBC shall recommend representatives to serve on T.H. Chan School of Medicine standing committees, representative bodies, and other committees as requested and appropriate.

2. Advising and Consulting

- a. The SBC shall advise and consult with the Student Government Alliance, the Offices of Student Affairs and Student Life, and T.H. Chan School of Medicine Representative Bodies.
- b. The Offices of Student Affairs and Student Life shall consult with the SBC on significant issues affecting the student body and/or to obtain perspective and input of the student body, as appropriate.
- c. The SBC shall report to the Dean or their designee.

3. Membership

- a. The elected membership of the SBC shall consist of five representatives from each class year as described in the SBC bylaws.

E. Tenure Committee

1. Duties

The Tenure Committee shall consider the credentials for tenure and other related matters. Tenure procedures are governed by, and duties of the Tenure Committee are stated in, the APP (Doc. T95-022, as amended).

2. Advising and Reporting

- a. The Tenure Committee shall advise and consult with the Vice Provost for Faculty Affairs, Dean, Provost and Chancellor.
- b. The Dean and Vice Provost for Faculty Affairs shall consult with the Tenure Committee on matters related to tenure.
- c. The Tenure Committee shall report to the Dean or their designee.

3. Membership

Voting membership of the Tenure Committee shall consist of tenured faculty members elected by each Department in a number related to its complement of tenured faculty as follows:

- 5-20: 1 representative
- 21 or greater: 2 representatives

Terms are for three years. Additional representatives will be added to the committee as departments are added and/or as the numbers of tenured faculty within existing departments increase, i.e., departments will be allowed to select a representative once the department is comprised of 5 or more tenured faculty members. If a department composition changes such that less than five tenured faculty members remain, the elected representative of that department shall serve until the end of their official term. Thereafter, the department will not have representation on the committee until and unless the number of tenured faculty within that department returns to the required level. Faculty members with significant administrative responsibilities (i.e., Vice Chancellors, Department Chairs, Program Directors, Deans, etc.) are not eligible for full-time membership on this committee although they may serve as ad hoc members of the committee. Ad hoc members may participate and vote in meetings in accordance with the procedures outlined in the APP of the University of Massachusetts Medical School (Doc. T95-022, as amended).

ARTICLE VI: MEETINGS OF T.H. CHAN SCHOOL OF MEDICINE FACULTY

Meetings of the Faculty may occur to discuss any matter pertaining to the T.H. Chan School of Medicine. Such meetings may be called at any time by the President, Chancellor, Provost, Dean, Chair of the T.H. Chan School of Medicine Faculty Assembly, Chair of the Executive Council, Chair of the EPC or, upon petition, by any 20 members of the faculty or by 50 students.

- a. All faculty members shall receive written notification of the time, place, and agenda of all faculty meetings from the Secretary of the T.H. Chan School of Medicine Faculty Assembly at least fourteen (14) working days in advance thereof.
- b. The Rules Committee of the T.H. Chan School of Medicine Faculty Assembly shall prepare the agenda, which shall include the items submitted by those calling the meeting. Only those items on the agenda may be discussed and voted on.
- c. The Chair of the T.H. Chan School of Medicine Faculty Assembly shall preside.
- d. Resolutions for consideration arising out of such faculty meetings shall require a majority vote of those present at the meeting and only the Faculty-at-large are eligible to vote. Any such approved resolutions may be forwarded to either:
 - i. to the T.H. Chan School of Medicine Faculty Assembly for additional consideration consistent with this Document; or
 - ii. to the Faculty-at-large for a vote administered by the Office of Faculty Affairs. Only those resolutions that receive a minimum of fifteen percent (15%) favorable vote of the Faculty-at-large shall be forwarded to the Dean for review and consideration.

In the event of an “emergency” – as determined in agreement of the Provost, Dean, and Chair of the T.H. Chan School of Medicine Faculty Assembly – the written notification of such a special meeting to all Faculty shall be within three (3) working days.

ARTICLE VII: AMENDMENT

The T.H. Chan School of Medicine Faculty Assembly, in consultation with the campus Faculty Council and Executive Council, shall review the foregoing bylaws at a minimum of every five years. Any individual within the T.H. Chan School of Medicine may propose an amendment. The proposed amendment shall be handled in accordance with Article II, Section A.1.a of the Governance Document for the University of Massachusetts Worcester (Doc. T03-035 as amended).

The Board of Trustees reserves the right to alter, amend, or revoke the foregoing document in part or in whole at any time.
